

Excellent Results in 2010 HKCEE

Our students did very well in the 2010 Hong Kong Certificate of Education Examination (HKCEE). 10 out of our 20 students got Level 5 or above in English, and almost all of these students attained more than 23 points in 6 subjects. It proves that a high proficiency in English helps our students not only do well in English but excel in other subjects as well. The 2010 E-Smart scholars are: Edwin Chiu (30 points & 5* in English), Jeanette Lai (27 points and 5* in all English papers), Alison Wong (29 points), Sally Lau (27 points) and Jimmy Liu (27 points).
